Gallery Background

The *Student Gallery of Ligonier Valley*, located in the historic Ligonier Town Hall, is made possible through a partnership of private and public school art teachers with the support of their school communities and the Ligonier Borough Council. Our mission is to provide a special means to showcase and celebrate the Visual Arts accomplishments of our community children while fostering creative thought and production. The gallery features artwork by children in grades K through 12. Multiple yearly exhibitions insure the Town Hall community room will always be filled with wonderful student artwork for all to enjoy. The *Student Gallery of Ligonier Valley*, established in 2005, is funded entirely by private donations, corporate sponsors, and grants.
